CARREAR OBJECTIVES

Aspiring Full Stack Java Developer with a strong foundation in Java, SQL, HTML, CSS, JavaScript, and React.js. Completed comprehensive Full Stack Java training with hands-on experience in developing responsive and user-friendly web applications. Skilled in problem-solving, database management, and writing clean, maintainable code. Eager to contribute technical expertise and grow in a challenging software development environment.

SKILLS

- HTML & CSS: Semantic HTML, CSS3, Flexbox, Grid, Responsive Design
- JavaScript: ES6+, DOM Manipulation, Events, Functions, Arrays & Objects, Async JavaScript
- React.js: Components, JSX, Props, State, Hooks, React Router, API Integration
- Java: OOP, Collections, Exception Handling, Multithreading, JDBC
- SQL/MySQL: Joins, Subqueries, Aggregate Functions, Group By, Constraints, CRUD Operations

INTENSHP EXPERIENCE

Inspire Softech solution

(06/2025 - 07/2025)

FULL STACK WEB DEVELOPMENT WITH PYTHON FRAMEWORK DJANGO

- Assisted in software testing and debugging procedures to ensure functionality.
- Collaborated with team members to gather requirements for system development projects.
- Conducted research on emerging technologies to support project planning and implementation.
- Documented technical specifications and user guides for various applications.

Besant Technologies

FULL STACK JAVA DEVELOPMENT

(4 months)

- Completed comprehensive training in Full Stack Java Development covering front-end and back-end technologies.
- Implemented form validation, event handling, and dynamic web functionalities using JavaScript
- Gained hands-on experience in developing web applications following modern development practices.
- Applied problem-solving and analytical skills to develop scalable and user-friendly applications

PROJECTS

<https://hemanthkumar03b-debug.github.io/Xpense-Tracker/>

- Built a responsive expense tracking application to record and manage income and expenses.
- Implemented CRUD functionality with Local Storage for persistent client-side data.
- Displayed real-time financial summaries, including total balance, income, and expenses.
- Performed dynamic DOM updates and form validation for an interactive user experience.
- Designed a clean, mobile-friendly interface using responsive web design principles.

<https://hemanthkumar03b-debug.github.io/calculator-project-/>

- Built a responsive calculator application supporting basic arithmetic operations with an interactive user interface.
- Utilized JavaScript event handling and DOM manipulation to perform real-time calculations and update results dynamically.
- Designed a mobile-friendly layout using modern CSS techniques to provide a consistent user experience across devices.
- Implemented error handling for invalid inputs and added clear/reset functionality to enhance usability.
- Followed clean coding practices by organizing reusable functions and maintaining readable, modular JavaScript code.

EDUCATION

Bachelor of Computer Application	Annai Violet Arts and Science College	2026
HSC	ST.Thomas Matric Hr.Sec.School	2023

CERTIFICATES

- FULL STACK WEB DEVELOPMENT WITH PYTHON FRAMEWORK DJANOO - MINI PROJECT Training - (09/06/2025 - 18/07/2025)
- ADOBE PHOTOSHOP Training - [01/03/2024-31/03/2024]
- CORAL DRAW Training - [10/09/2025-10/12/2025]
